Meet The Directors

Mary Shae Hooper, Director. Shae is SO excited to join the TDS family this year as Director of Spotlight. Shae graduated in 2021 from NYU Tisch Drama, earning her BFA in Musical Theatre, from the New Studio on Broadway. While at NYU, Shae became an assistant choreographer, shadowing incredible Broadway directors and choreographers and assisting their classes at the collegiate level. Since then, she has returned home to live and work in Austin. Most recently, she played Belle in Magnolia Musical Theatre's Beauty and the Beast. She has also been seen on stage in Cabaret (NYU), Elegies for Angels Punks and Raging Queens (NYU), Disaster (NYU), Spring Awakening (NYU), Little Shop of Horrors (Zilker Theatre), and Playhouse Creatures (Sam Bass).

In addition to theatre, she has worked on independent films, music videos, and short films, for which she has received festival nods. She was the full-time stand in on HBOMax's Love and Death, and made her network TV debut as Diana on the CW's Walker.

Shae has worked as a performer, director, choreographer, writer, and film crew professionally in NYC and Austin. She has been teaching since she was 17 for Broadway and local performers of all ages. Shae has the support of her rockstar husband, Harrison, and looks forward to you all meeting her new baby boy, Indiana (you will see him a LOT)!! They live on 5 acres with their goldendoodle, Hercules.

Hannah Strieber, Production Assistant, grew up in Austin, Tx where she began dancing at Balance Dance Studios in high school. She was a part of multiple companies including Ignite Dance Company and Elevate Performance Company. Along with this, she took many different classes covering a variety of styles. Because she discovered her love for dance in her teens, she understands the hard work and dedication it takes to develop skills, technique, and self-discipline. In 2019 she moved to Chicago to pursue her BFA in Film and Television with a concentration in Production Design. Alongside her work in film, televisions, and photoshoots, she was a gymnastics coach for ages 3-12 for multiple years in Chicago while also continuing her dance education. Hannah is extremely excited to be back home in Texas where she can use her creative skills to help the next generation develop a passion for the arts.

About Our Program

Multi-age musical theatre training is incredibly important for Spotlight Performance Company, as it provides numerous benefits for both the young performers and the older, more experienced ones.

For younger performers, working alongside older and more experienced performers provides them with valuable role models to look up to and learn from. They are able to

observe and learn from the techniques, skills, and work ethic of their older peers, which inspires them to strive for excellence in their own performances. This can also help build their confidence and self-esteem, as they are given the opportunity to work alongside more experienced performers and be a part of a larger, more complex production.

For the older performers, it allows them to pass on their knowledge and become leaders within our company. Additionally, working with younger performers can also provide them with a new perspective on their own craft and be a source of inspiration and rejuvenation.

Overall, multi-age musical theatre training in Spotlight Performance Company is an important aspect of the company's mission to provide a supportive, nurturing environment, where performers of all ages can grow and thrive. It allows for the development of important skills such as teamwork, collaboration, communication, and empathy, while also fostering a sense of community and belonging among performers of different ages and backgrounds.

Additional enrichment

Ages 13+ only

Throughout the year, we want to provide additional opportunities for our older students interested in continuing their pursuit of the arts and/or theatre. These programs will include master classes with Broadway professionals, learning series, and college audition prep.

Opportunities

Broadway Bound

4-6 week long courses, on Saturdays, incorporating higher level material (such as Broadway choreography) or guest teaching artists

College Audition Prep

High schoolers considering majoring in Musical Theatre, Acting, Drama, etc. will be given individual coaching for their college materials. They will receive hand-selected songs and other materials needed for the college process, and experience a mock audition.

These classes will be offered for a separate tuition structure and held on Monday nights or Saturday afternoons. As most high schoolers are involved in school theatre, we want to provide these classes at a convenient time so they can continue to train while staying involved in their schools. Our goal is for these classes to supplement what they are learning and bring their work to the next level. Our guest teaching artists will be professionals at the highest level, calling our students to a higher standard of performance ability.

Audition Information

The Dance Spot is pleased to announce the annual auditions for the Spotlight Performance Company. The company strives to offer professional instruction in dance, voice and acting for the true 'triple threat' experience. We encourage all students to join us at the audition; no experience is necessary, just a willingness to learn!

Broadway Babies

Broadway Babies Audition (Ages 5-7)

May 24, 2024 / 4pm-5pm

All Broadway Babies will have a lighthearted and fun "audition" structure similar to what a regular class would look like. They will learn a portion of a song and a dance, and then will "audition" as a group. If some students want to try their audition solo, we will also provide the opportunity at the end of class. The song will be a familiar Disney song that we will sing together, in class, with a call and response method, so those who are still working on their reading skills can easily participate.

Ages 8-12+

May 24, 2024 / 5pm-9pm

For auditions this year, students will only need to prepare a song.

- Acting: Students will be asked to read simple scenes and play games during the audition.
- Movement/Dance: a 16 bar (about 30-60 seconds) dance routine will be taught during the audition.
- Singing: Students may sing any musical theatre song of their choice, as long as it is age appropriate.
 - Please note: performers should be prepared to sing 30-60 seconds of their chosen song. It should be memorized, and they should be prepared to sing with the INSTRUMENTAL track.

Frequently Asked Questions

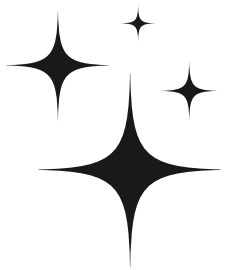

"Are parents expected to help out?"

Parent involvement is essential to the success of any type of educational theatre; however, that can come in many forms. Throughout the year, we will post, on the Band App, the areas in which we need support (from helping to make sets/costumes, to hands on deck for the shows, to running quick errands). Please know we are exceedingly grateful for any time and talent you can contribute to your child's experience!

"Why do my students have to take an additional dance class? Don't they dance during the rehearsal?"

Yes! However, we want our students to become the best triple threats they can be. That requires dance technique class to be taken outside of rehearsals to learn the basics, strengthen their bodies to avoid injury, and build upon skills they can offer while in production rehearsals. Dance in rehearsals will consist of movement and choreography.

"My child would rather do two musicals a year. What is the Fall Showcase?"

A revue is a type of multi-act, popular theatrical entertainment that combines music, dance, and sketches. We will be able to learn all of the necessities to put on a full-scale musical, such as acting through a song, ensemble collaboration, as well as working on material from musicals we could not otherwise do/don't have access to the rights (i.e. Wicked, Mean Girls, HAMILTON!!). This is also a great time for students to stretch their idea of their "type" and explore dream roles.

Additional Details

Spotlight Binder

Each student will be provided a ring binder, at the Spotlight Summer Intensive, with the following items:

- Some sheet protectors
- Notebook paper
- A pencil and highlighter

These binders will be a safe place to keep all scripts and song sheets that we will use in class. We buy the rights to each musical we perform; therefore, your performer will also receive an official script to take home for their spring musical.

Communication

Company members will receive all important information via the Spotlight email and Band App. We ask that all parents (and students if allowed) join Band App and include their full name with picture. We post plenty of pictures and videos of your children on the Band app as well!

Welcome to Spotlight!
